

# Depression and the use of alcohol and illicit drugs

**16 July 2020**  
**6:00 – 8.00 pm**  
**Live webinar**

**Presented by:**  
**Assoc Prof Robert Ali**  
**Public health physician & specialist in addiction medicine**

## Learning outcomes:

- Recognise the key characteristics of depression
- Discuss the most appropriate harm minimisation response for people who have an addition to alcohol and other drugs
- Describe the multidisciplinary treatment options available in South Australia for addiction and the appropriate referral process
- Examine appropriate referrals for patients who use illicit drugs
