This education session is a part of a series of webinars designed to be delivered as panel-led case discussions to promote peer learning. This session aims to unpack curly and complex diabetes presentations and to give health professionals the chance to share and learn from the expertise and experience of peers and expert panellists.

Learning outcomes:

Discuss the diagnosis diabetes

Discuss the treatment of diabetes

Examine the referral pathways for a multi-disciplinary approach to diabetes

Panellists:

Dr Jessica Gehlert
Endocrinologist

Dr Jackie Yeoh
General Practitioner

Ms Kirrily Chambers
Credentialed Diabetes
Educator & Pharmacist
