

“Too Hot To Touch”

Management of Burns in rural regions

**Tuesday, 27
February 2017**

**6.00-9.00pm
Silver Birch Comfort Inn
Mount Gambier**

No cost to attend
Dinner provided

Learning Outcomes

- Recognise the signs and symptoms of inhalation injury and discuss the importance of the early recognition of airway compromise
- Implement the Wallace Rules of Nines or Lund and Brouder Chart when performing burn injury assessment and so creating safeguards against harm to patients
- Identify the transfer criteria for burn patients
- Perform an assessment and appropriately manage minor burns
- Outline appropriate methods of first aid, including the management of chemical and electrical injuries

Approved for 5 category 2 points with RACGP, activity #92066. ACRRM points pending
