

"No Sugar Coating"

An update on Diabetes Management
for Practice Nurses

Tuesday, 21
May 2019

6.00-8.30pm

Commercial Hotel Motel
35 Ayr St, Jamestown

No cost to attend
Dinner provided

Learning outcomes:

- Describe the risk factors and natural progression for type 2 diabetes
- Apply evidence based management principles to your general practice nurse role in the diabetes annual cycle of care
- Identify patient education needs based on the type 2 diabetes education pathway
- Describe rationale for and referral options for patient education
- Describe professional networking options
- Self appraise own scope of practice

A certificate of attendance will be provided for 2 hours of CPD learning
