

iRecords- Is there an app for that?

For GPs, Nurses, Allied Health and Practice Staff

Clarifies how new information and communication platforms impact on the medical record and examines the importance of managing privacy and governance issues within the medical practice

Learning Outcomes

- Increase the focus on quality of practice systems as well as quality of patient care
- Increase the understanding of the real causes of claims to assist in implementing preventative strategies
- Assist in controlling claims to prevent an increase in the cost of medical indemnity insurance premiums
- Minimise the personal and practice issues associated with claims.

An Australian Government Initiative
