RETURNING TO WORK:

Musculoskeletal Lower Back Pain

A FREE hands-on workshop aimed for GPs to increase their knowledge and skills on managing musculoskeletal lower back pain.

Saturday 29 May 2021
8:30am - 2:00pm
ANMF - 191 Torrens Rd, Ridleyton

Learning outcomes:

- Outline clinical reasoning skills utilised in the diagnosis of lower back complaints.
- Apply a systematic approach to the management and rehabilitation of a person with chronic back pain.
- Evaluate appropriate imaging investigations for patients when warranted.
- Identifying significant barriers to rehabilitation and how to work with the person to achieve a safe, sustainable return to work.

Facilitators:

Mrs Julianne Flower
